

Motor Vehicle Record · what's on it, what matters

For John Doe · Acme Trucking LLC

Your MVR is the state DMV's record of every traffic violation, accident, license action, and CDL endorsement attached to your driving history. Carriers pull it before they hire you and at least annually after that. Some pull it monthly via continuous monitoring · this guide explains both modes.

I · WHAT AN MVR CONTAINS

- **License status** · valid / suspended / revoked / disqualified · current as of the pull date
- **License class + endorsements** · CDL-A / CDL-B / CDL-C · H (hazmat), N (tanker), T (doubles/triples), P (passenger), S (school bus)
- **Restrictions** · automatic-only, no air-brakes, intrastate-only, corrective lenses, etc.
- **Convictions** · moving violations from the past 3-5 years depending on state · speeding, reckless, DUI, etc.
- **Accidents** · reportable accidents · which state reports varies
- **License actions** · any prior suspension, revocation, or disqualification (state and federal)

II · HOW OFTEN A CARRIER PULLS IT

MODE	CADENCE	CFR
Pre-employment MVR	Within 30 days of hire from every state the driver was licensed in over the past 3 years	§391.23(a)(1)
Annual MVR (minimum)	Once per year · every state where the driver was licensed in the past 12 months	§391.25(a)
Continuous monitoring (optional but recommended)	Real-time alerts whenever a new violation or status change posts · vendor-managed	Industry best practice

III · THE DISQUALIFYING OFFENSES (§383.51 TABLE 1)

Major offenses (1st conviction = 1-year disqualification · 2nd = lifetime):

- BAC $\geq$ 0.04 in a CMV
- BAC $\geq$ 0.08 in a non-CMV (when CMV operator)
- Refusing alcohol test
- Leaving the scene of an accident
- Using a CMV in commission of a felony
- Driving CMV with revoked / suspended / canceled CDL
- Causing a fatality through negligent operation

Serious traffic violations (3 in 3 years = 120-day disqualification · 2 = 60-day):

- Excessive speeding (15+ mph over)
- Reckless driving
- Improper / erratic lane change
- Following too closely
- Texting while driving in a CMV
- Using a hand-held mobile in a CMV
- Driving CMV without CDL / without proper class / without endorsement

IV · WHAT THE CARRIER DOES WITH WHAT THEY FIND

1. **Initial MVR** · evaluated against the carrier's hiring standard · disqualifying offenses bar employment
2. **Annual review** · supervisor sits with the driver, reviews the MVR, signs a §391.25(c) note · placed in DQ file
3. **New violation appears** · carrier evaluates against their progressive discipline matrix · counseling, retraining, suspension, or termination depending on severity
4. **License action** · suspension or revocation is immediate removal from safety-sensitive duty · carrier must verify reinstatement before driver returns

Notify your carrier within 30 days of any conviction in any state, even if the violation happened in your personal vehicle · §383.31. Failure to notify is itself a disqualifying offense.
